FALL 1953

New Miniature "FROSTY"

Introducing

FROSTY

(Pat. R. R.)

NEWEST, WHITEST
MINIATURE ROSE

This new white rose has been rated by many who have seen it growing as "the best yet."

FROSTY buds are lightly tinted with pink but open to the most glistening frosty white imaginable.

FROSTY is without doubt one of the world's whitest roses. Plants start to bloom when only 2 inches high and bloom continually and profusely.

FROSTY flowers are borne in clusters of 3 to 10 or more. Full double flowers are about 1 1/4 inches across. Sweet honeysuckle fragrance.

FROSTY makes a plant 12 inches high and up to 15 inches broad. Glossy disease free foliage on a nearly thornless plant.

Excellent for pots, planter boxes and borders.
\$1.50 each; 3 for \$3.90—From 2 1/4" pots.
